E-Mail: plastics.safety@basf.com

Product Information: **POP**

Dear Valued Customer,

In the manufacture of the referenced product no substances listed in the Regulation (EU) No 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants, Annex I to IV, last updated on 08 August 2023, are used as raw materials.

This statement applies to the following product lines:

NEOPOR®
PERIPOR®
STYROPOR®
STYRODUR®
Polystyrol

For Notice: Many substances are ubiquitous. Observing all these substances is not part of our ongoing production control. Given the many factors that can affect the processing and application of our products, these data do not absolve processors from conducting their own investigations and tests. Moreover, these data do not imply any guarantee of certain properties or the suitability of the product for a specific purpose. It is the responsibility of the recipient of our products to ensure that any proprietary rights and existing laws and legislation are observed.
